EXTENDED SERVICE PLAN

Worry-Free Coverage

An AsureSM Extended Service Plan gives you the peace of mind that you won't be faced with unexpected repair or part replacement costs for your heating and air conditioning system for up to 99 years from the date of your installation. We give you peace-of-mind, knowing you and your family won't have to endure any long periods without heating or cooling – you're covered!

The Asure Plan, backed by the full faith and credit of Goodman Company, L.P., complements the standard product warranty by providing labor coverage and additional years of parts coverage, based on the plan selected. Your Asure Dealer can provide you with details on the different coverage options available.

What Does the Plan Cover?

The Asure Plan provides extended coverage for all functional parts of your newly installed Whirlpool® brand air conditioning and heating equipment. If a repair is needed, an Authorized Asure Dealer will respond promptly and make repairs with quality, factory approved brand parts. With Asure coverage, your continued comfort is guaranteed.

How Affordable is Asure?

Isn't your comfort worth only pennies a day? Asure eliminates the cost of unbudgeted system repairs. You will never be faced with a deductible. Asure's got you covered today and for up to 99 years in the future, no matter how much the cost of a service call may increase during that time.
